

KANSAS GROUND WATER ASSOCIATION

MEMBERSHIP APPLICATION

KGWA MEMBERSHIP:

The Kansas Ground Water Association was formed in order to bring together the individuals that work hand in hand in the water well industry. Together, the Association has fought for and against legislation in order to protect not only the water we drink, but protect the well driller as well. We oppose action that threatens ground water quality and imposes undue hardship on the contractor. Whatever actions are taken at the state level impacts each of us.
